When Jerry Berger asked me out of a blue sky if I knew anything about putting I had to admit that in putting two and two together I usually came up with three or five. It seems she had a report on the Womens Golf Association and the report was all of two or three lines long — about scores. Since golf isn't our forte, this is what we make out of it. Winner of low net of the Hondo Womens Golf Association through June 27 was Jo Mitchell. Ann Jones and Ann Haltman tied for low putts during the same period.

If you want to make something of it, go ahead!

Have just learned that Mayor T. B. Knopp is in the Mayo Clinic. He had been recuperating after surgery in a San Antonio hospital, but my news source says he is getting along nicely at the clinic.

The Garden Club Thrift Shop will be open only one day a week Wednesday from 2 to 5 p.m. during July and August. If you have any wearing apparel in good repair, and white elephants you don't know what to do with, the Garden Club would like to fall heir to them. It is through the sale of second hand clothing, bric-a-brac, etc., that they manage to keep their highway beautification project solvent. Call Mrs. Toby Taylor Thrift Shop chairman, at Harrison 6-3631 and she'll see to it that someone picks up your articles for the shop.

Our correspondent at Biry, Mrs. Adolph Hutzler will be absent from her regular post for a number of weeks. Mrs. Louis Biry is taking over as correspondent until Mrs. Hutzler returns so you Biryvillers send your news in to Mrs. Biry.

At last week's convention of the Texas Press Association in San Antonio, Bill Berger was elected as a director of the group.

The Anvil Herald will close July 4, but will be open Friday.

July 23 has been set as the date for entertaining servicemen off Hondo Air Base with a big barbecue supper.

The Hondo Chamber of Commerce foots the bill for half the entertainment and the City of Hondo pays for the other half.

There will be no little league games this week — due to Scout Camp. Play will resume next week as scheduled.

Checkers, The Tops!

Sixty-eight youngsters registered for the checker tournament held last Thursday and competition was keen, according to Tom Moseley, director of the Recreation Program.

First, second and third place ribbons were awarded to the winners in each division. Their names are listed in that order, as follows:

MIDGETS: Girls, Susie Meyer, Ann Kilmer, Winkie Dyess. Boys, Bobby Nowlin, Blake Stephens, Sammy Bybee.

JUNIORS: Girls, Frances Meyer, Dorothy Blake, Nancy Taylor, Boys, Larry Bybee, Craig Larson, Bradley Benedict.

INTERMEDIATES: Girls, Cathy Foster, Gayle Tilley, Becky Hoffman, Boys, Te Vincent, Barry Kuykendall, Ronnie Taylor.

BADMINTON
Thursday, July 11, the Juniors and Intermediates will have a badminton tournament and on Friday, July 12, the Midgets will hold a Chinese checker tournament. The public is cordially invited to attend.

OPEN TO ALL
"We had about 40 youngsters when we first began the program," Moseley said, "but the second week showed that we had more than doubled that number. At the present time, our average daily attendance is about 60, but I'm sure that vacation time has a lot to do with that."
Moseley went on to say that the program was for every child of school age in Hondo and he'd like to see more of them turn out for it. He also commented that parents and visitors are welcome at any time.

HOLIDAYS
The Recreation Program will take advantage of the long weekend holiday and will be closed this Thursday and Friday.

CHECKING over the situation Tom Moseley watches the two games being played by Craig and Charles Larson and Tommy Stephens and Jon Hardy. This picture was taken as the youngsters were sharpening up before their checker tournament.

NIETENHOEFER TAKES FIRST IN TEXAS BAND

Kenneth C. Nietenhoefer made first chair in the brass choir and first chair in the All-Texas Band at the University of Texas. The band clinic took place June 23-28 where he studied under a world famous trumpeter, Dr. J. Frank Alsass. Six-and-one-half hours of hard practice took place every day and was brought to a climax Friday night, June 28, when the All-Texas band and choirs presented a concert on the main terrace in front of the University.

Kenneth was the only band member from Hondo who attended the clinic.

Rev. Ehlinger Named Dean Of Castro Deanery

The Very Reverend Harold J. Ehlinger, V.F., pastor of St. John's Parish, Hondo, has been named dean of the Castroville Deanery, according to an announcement released this week by the Chancery office. Father Ehlinger replaces Father Armand Weber, V.F., pastor of Our Lady of Grace Parish, LaCoste, temporarily in retirement because of ill health.

The position of dean carries with it the title of Very Reverend. In properly addressing a dean through the mail, the initials V.F. (Vicar Forane) are added following the name of the priest so delegated.

Co-op To Elect Directors

Three directors will be elected at the annual meeting of members of the Medina Electric Cooperative, Inc., being held in their new Hondo headquarters building on Saturday, July 13. Registration will begin at 12 a.m. and the business meeting will start at 2 p.m.

The men who have been nominated for a three-year term are James Amberson, Henry F. Buss and P. S. Keller. Since no additional nominations have been made by petition and none may be made from the floor, the three men whose names have been submitted will probably be elected.

Reports of officers, directors and committees will be heard as well as all other matters which may come before the meeting.

County Court Has Busy Day

Seven cases of driving while intoxicated were speedily acted on Monday in County Court with Judge Arthur H. Rothe presiding. All were guests of the County for three days besides paying fines and costs. The fines are listed as follows:

Manuel Martinez Guerra, \$100; Roberto Amasuea, \$100; Salvador V. Dominguez, \$125; Jesus Camacho, \$100; James H. Jacobes, Sr., \$100; Melvin E. Conn, \$100; Elmer E. Willis, \$150.

Don Hasler, charged with violation of State Game laws, had two cases on the same charge dismissed but was fined \$100 plus costs on the same count, plus 12 months forfeiture of his hunting license.

Two other cases of driving while intoxicated were dismissed as were two for aggravated assault. Two cases, one for selling a beer to a minor and another for driving while intoxicated, were passed.

Collision Causes \$150 Damage

City Marshall Orby Swartzell reports one wreck in the city limits during the past week.

Thursday, June 27, Jose Torres, driving a '57 Ford north on Ave. F, collided with a '51 Ford pick-up driven by Santos de la Cruz who was headed down 18th Street.

De la Cruz was fined for driving without an operators license. His pick-up was damaged to the extent of about \$100 and the Torres vehicle had about \$50 damages.

New Deputy For Devine Area

Commissioners Court met Monday, July 1 at the call of County Judge Arthur H. Rothe, to act on a request from Sheriff C. J. Hitzfelder for authority to appoint a deputy sheriff at Devine.

The Court voted unanimously to grant the request at \$3600 per annum, effective July 1 or as soon thereafter as legally required bond can be completed by the appointee.

Hitzfelder said that an announcement will be made at a later date, giving the name of the deputy sheriff.

Seco Bridge Takes A Beating

When you can't see a bridge, it is a good time to stop driving but Robert Amasuea of Sabinal, driving a 1949 Chevrolet sedan thought differently last Saturday at 8:20 p.m.

Charged with driving while intoxicated, Amasuea ran his car into the right bridge rail of the Seco Creek bridge and proceeded to hit it two more times before giving up the argument as to who had the right of way.

Amasuea and his passenger, Davilio Luna, were uninjured but Amasuea parted company with \$100 plus costs and three days in jail. According to Patrolman Harry Heideman.

It was on June 24 that a cattle truck argued with the Seco bridge and lost.

Catholics Hold First Vacation School

The first Confraternity of Christian Doctrine Vacation School began June 3 at the Guadalupe Parochial School with 212 pupils enrolled.

Classes were conducted and supervised by eight lay teachers who dedicated their time and efforts to instructing the children. At the close of school, June 16, 62 received their first Holy Communion.

A group, called the Fishers, parents and visitors furnished the transportation for the pupils.

Meeting in Hondo Tuesday night, members of the Hospital Committee for Medina County received recommendations from the architectural firm of O'Connell and Probst, Austin, that this area build a 30 bed hospital to serve its growing needs.

In the report, 1959, or a year and a half from this date, was mentioned as the earliest time patients could be received in a new building.

The estimated population of Medina County for 1960 is approximately 19,500, according to the O'Connell and Probst survey. By using the ratio of 2 1/2 beds per thousand population for rural areas, as suggested by the United States Public Health Service, the area needs 48 hospital beds. Since Castroville has 12 beds which will remain in service, a net of 36 beds are needed. Considering the size of a nursing unit for 24 hours a day service, the architectural firm recommended that a new hospital have at least 30 beds, but no more than 34 at the present time.

Dr. Faye Wurzbach, one of the owners of the Castroville Clinic, questioned the necessity of building a 30 bed hospital and suggested that a 24 bed hospital might be large enough for a start, allowing room for expansion later. Mr. O'Connell then explained that the cost of additional beds would be less than a five acre plot, with much more preferable to allow for expansion and to prevent its being too closely surrounded by other buildings.

Five acre offers were made by Henry Weyand, Bru Miller and E. A. Bendele in the preferred location area, and the hospital committee hopes to get a total of 15 acres in the spot where lands of the three men join.

It was stated that a few people had suggested the location was too near the air field. But investigation of this showed that the pattern of flight does not go right over that location, and that if jet planes are ever used at the base, runways would have to be extended in the opposite direction to take care of them — placing the planes even further from the area. In addition, O'Connell pointed out that the structure would be air-conditioned and insulated against all noise.

LETTER PLANNED
At a previous meeting in the spring the hospital committee voted to mail a letter to all taxpayers briefly explaining the hospital program. Tuesday night they agreed that one should be mailed out.

The letters will go to those persons listed on the 1956 county tax roll, which was compiled in the spring of that year, as the roll for 1957 has not been completed, according to L. E. Pope. Extra copies for new property owners will be available at the Chamber of Commerce office.

Dr. Faye Wurzbach said that the letter should include some statement to the effect that the new hospital would not be a charity hospital — that patients would be expected to pay for the room and services they receive. Chairman Pope assured her that this would be included. The new hospital would do only the small amount of charity work done by most hospitals.

Ten percent of the qualified voters must petition the Commissioners Court to call an election, which they can call 20 days from the day the court receives the request.

O'Connell and Probst's estimate of the total cost is \$502,200. Federal funds, under terms of the Hill-Burton act, would take care of half this amount. The other portion would be raised by a county bond issue of \$300,000 which would take care of the county's share with a reserve in case additional expenses arise. It was pointed out that all \$300,000 of these bonds would not be sold unless needed.

JUVENILES WRECK AIRFIELD HOUSE

"A wrecking crew couldn't have done a more thorough job," was the sentiment expressed by the sheriff's department after inspecting the damage three Latin American juveniles did to the house on the airfield, owned by Universal-Rundle Corporation.

The house, formerly quarters for commanding officers during World War II, was broken into on June 7 by cutting a window screen and knocking out the glass with a rock.

Once inside, the boys broke the windows, tore up shades, smashed the light switches with rocks, tore shower curtains down, took a knife and slashed the wall paper and scattered soap powder all over the place.

Not content with the mischief wrought, they also broke out 18 windows in Meyer Elementary and the High school and entered the elementary school, rifling desks.

No estimate has been given of the damage done, but it is considerable, according to the sheriff's department.

The three boys are in custody of their parents awaiting trial in juvenile court.

QUOTES SOME INTERESTING MATTER
FROM A RARE BOOK

THE PERSONAL STORY OF A PIONEER — AUGUST SANTLEBEN

Through the courtesy of a friend whose name we have not asked authority to divulge and obviously will not at this time, we have come into possession, through a loan, of a rare and most interesting book.

The title of the book is "A Texas Pioneer", and following the name on the title page is the inscription:

"Early Staging and Overland Freight Days on the Frontiers of Texas and Mexico" By August Santleben. Edited by I. D. Afflick, New York and Washington, The Neal Publishing Company, 1910.

Note, please, the date "1910." Obviously the volume must be a reprint from the author's original and brought out by the "editor" named above.

When this columnist came to Castroville in the early spring of 1896, fourteen years previous to the publication date of the book, what was pointed out to him as the remains of the pioneer Santleben home was a mass of tumbling down rock walls on the north side of the Castroville-San Antonio road about four miles east of Castroville and a widow Santleben with her two sons, Carl and Willie, were living in a comparatively new frame house located on the south side of the road and only about a hundred yards and a little south-east from the old homestead.

Mr. Santleben's frequent mention of contemporaries as living "at the present time" establishes the fact that the book had been written a considerable time previous to the date of the present volume's publication.

This established fact of earlier composition adds to its interest rather than detracting therefrom; to read the book is like sitting down and listening to an old pioneer tell of his thrilling experiences.

That you may enjoy a touch of that experience, we quote here from the opening statement of a "Texas Pioneer":

FD

Wrote Mr. Santleben: "I was born in the city of Hanover, Germany, on the 28th day of February, 1845, and I was three and a half months old when my parents emigrated from that country and brought me with a sister and brother to America. We made the voyage in a sailing

vessel, the Charles Williams, which left Bremen with a full crew and one-hundred and thirty passengers on board. The city of Galveston, Texas, was sighted about the middle of July, 1845, after making a safe voyage of seven week's duration, but many of those who greeted the land of their adoption with joyful expectations were destined to a watery grave when entering the harbor.

"I do not know what brought about the catastrophe, but my parents, who gave me this information, said that the ship was stranded when passing through the channel leading into Galveston Bay, about half a mile from shore, where it was broken to pieces, and the wreck could be seen as late as 1885. Only thirty-five of the passengers were saved, and they were rescued by a life-boat that was sent from the shore. Among them was an infant boy, about two years of age, after they entered the boat, by some one on the vessel, under the impression that the child belonged to our family. Fortunately the boat conveyed its living freight safely to land, but none of the desolate people could comprehend their losses until they congregated on shore, and one of those who realized them least was the author of these memoirs, who at the age of five months was thus transferred from the wreck of a ship and placed on the soil of Texas. Another was the child who had been saved through a mistake, whose parents and his entire family were drowned; but friends took the orphan in charge and conveyed him to Castroville, where he was raised to manhood by a man named Bader, who was perhaps a friend of his family. Christian Schuchart was his name, and he is now a well-to-do farmer and ranchman on the San Geronimo, where I became intimate with him and we often discussed the early misfortunes of our families."

FD

The foregoing constitutes only the first two paragraphs beginning a book of 321 pages. The next paragraph begins with the sentence:

"The ship's cargo, including all the belongings of the passengers, was a total loss."

Sgt. J. Britsch In On Atomic Test

Marine M-Sgt. Joe W. Britsch, son of Mrs. Frances Britsch took part in the first extensive troop exercise in the current series of atomic tests June 28 at Camp Desert Rock, near the Atomic Test Site.

Part of the Marine brigade, using the Marine Corps' latest conception of "vertical envelopment", dropped on the enemy position by helicopter. The airborne Leathernecks then joined with Marine who moved in on the objective in amphibious tractors and the Corps' newest armored vehicle, the "Ontos".

The brigade used the tests to train Marines in physical protection measures and to instruct them in the effects of atomic explosions on clothing and equipment.

Marines Have Two Year Enlistment

It was announced today by T-Sgt. Joe C. Casillas, Marine recruiter for the Medina County area that a new policy concerning the two year enlistment program has been adopted by the Marine corps.

Men who are enlisted in the two year program are not required to participate in weekly drills or attend summer camp after completing their two years of active duty.

This program gives all men an opportunity to fulfill their military obligation and at the same time be able to complete their education or resume their civilian positions without further interruptions. Upon completion of two years active duty they would then be transferred to an inactive status and serve the remainder of their obligated service in the inactive reserve.

Complete information on this program may be obtained by contacting Sgt. Casillas in Hondo, Texas, from 7 a.m. until 9 a.m. on Wednesday 3 July at the post office.

Mrs. Jungman underwent surgery in Santa Rosa Hospital the past week, but is doing fine.

On Sunday, M&M A. N. Mangold of Rt. 4, SA, spent the day with Mrs. Ida Jungman. In the evening Mrs. Mangold attended a shower in Castroville honoring Miss Patsy Breiden.

M&M Roger Gonnert and daughter and mother, Mrs. Gonnert of Noonan, were in for church services Monday morning.

Computer Figures Feed Mixes

A newly designed ration computer has been installed by the Medina Feed & Supply Company for local farmers to use.

Developed and improved by the Ralston Purina Company, this calculator which is called a Check-R-Mixer, can spell out nearly 100,000 research backed formulas without use of pencil or paper. By means of turning a dial, the amount of supplement needed to mix with available grain feed can be determined.

A further benefit of the new device is the fact it will figure new and complicated rations for animals and birds of various ages and weights which would be difficult to compute in other ways. Research has indicated that by using these new formulas, which fit an animal or bird's varying nutritional needs more closely than earlier mixtures, farmers not only can save grain and supplement but also time required to grow animals and birds to market size.

The new computer is available for local farmers to use at the Medina Feed & Supply company.

Here In Hondo

M&M Harold Sauter left Wednesday for their home in Long Beach, Cal. after spending a week with his mother, brother and sister in Hondo and San Antonio.

Mr. and Mrs. Jesse Paul Ephraim

Recently Married

Married in Uvalde recently
were Mr. and Mrs. Jesse Paul
Ephraim, Jr. The double ring
rites were read in First Methodist
Church by the Reverend Allen
Roe with nuptial music by Mrs.
Clarise Harrell and Mrs. W. H.
Johnson.

The young couple will reside in
San Antonio following a wedding
trip to southern states. Mr. Eph-
raim is a ministerial student at
Trinity University.

PERSONAL APPEARANCE
By Jerry June Berger

In San Antonio this past week-
end for the annual meeting of the
Texas Press Association, we had
a chat with the Smithville pub-
lisher's wife and found out some
news about Hondo.

She told us that the M. L. MC-
DOWELL, who were popular
teachers in Hondo several years
back, were leaving Smithville
and coming back here to teach.
MCDOWELL was a principal, but
they moved to Smithville and ran
a business in the town for these
years in between.

The publisher's wife added that
their town would certainly miss
them as they were highly re-
spected citizens. So Smithville's
loss is Hondo's gain. SUPERIN-
TENDENT BARRY is also from
that area as are MR. and MRS.
MAX CARVER. Looks like they'll
soon have enough here to form a
Smithville club.

PA
CARTER SNOOKS, a former
resident of Hondo and now pub-
lisher of the Refugio paper, was
at the meeting with his entire
family. Their children range in
age from a Junior at Baylor Uni-
versity to an 8-month-old son.
He is related to the DEMON-
TELS and always inquires about
them.

PA
One of the most excited persons
in Hondo this week is DICKIE

HERE IN HONDO
Mrs. Bob Moore and children,
Marcia and Sparky, left Hondo
Saturday morning after an ex-
tended visit here with her par-
ents M&M Bob Kollman. They
were accompanied to Denver, Co-
lorado by Mrs. Merlyn Heyen who
will visit her sister and brother-
in-law, Lt. and Mrs. Chuck Cur-
rison. Mrs. Heyen's daughter, Ma-
ry Lou, has been visiting in Den-
ver for more than a week.

A unique swindling device and its operator were hailed into court last week. The swindler plead guilty to the offense of theft by false pretext, paid his fine and costs and returned to the farmer \$29.10 unlawfully obtained. He had used a handsome steel 100 foot measuring tape with the numbers very hard to read at the beginning of the line. No one realized the tape did not start in the conventional manner. Instead it started with 21 feet. The farmer became suspicious, measured his own rows and discovered the discrepancy. Local broomcorn growers have taken to using their own measuring tapes.
J. H. Burgin became president of Hondo National Bank when C. W. Gilliam sold his interest to William F. Wallace of Corpus Christi.
Mrs. Henry Merriman is planning to return to Hondo this week, leaving Chicago Wednesday unless delayed because of flood conditions along the Mississippi.

Wilbur Ray were the names given to the little son of Mr. and Mrs. Arnold Lindeburg, when the child was offered to the Lord in Holy Baptism at New Fountain last Sunday. Mr. and Mrs. Emil Lindeburg were the sponsors.
Miss Nell Foley, County Home Demonstration Agent, went to Jourdanston last Saturday to judge in a county-wide clothing contest.
La Coste — Because of a heavy increase in business over its LaCoste and Medina Valley lines, the San Antonio Public Service Co. has recently increased the voltage on the LaCoste-Castroville line from 2,300 to 13,000. The construction crew is now at work on a 13-mile line that will extend service from Rio Medina to Medina Lake.
Castroville — At one o'clock Thursday morning, Mr. and Mrs. Ferdinand Tschirhart were awakened by a terrific crash as their home shook, when a man from Dallas, who was driving a 1937 Chevrolet sedan, hit their truck which was parked out in front of the house and knocked the wall down in the front room, knocking everything and breaking everything breakable. The man's car then landed up on the side porch. The driver was not injured although the car was badly wrecked.

Miss Irene Saathoff was presented in a Sonata Recital given at the Conservatory Concert Hall of the Conservatory of Music in Cincinnati, Ohio on Monday evening June 27, 1927. She played the violin.
Robert Reitzer, the rural mail carrier, is enjoying a vacation, and will attend the State Convention of Rural Carriers at Abilene during vacation. In the meantime, Geo. H. Kimmey is substituting for him as carrier.
What probably holds the record for size in watermelons brought to town this season was one weighing 67 pounds presented by Louis Faseler Wednesday to Dr. H. J. Meyer.
Selby Woolls, Homer King, Travis Mansell and Lloyd Parsons were on a fishing trip at Medina Lake last week.
Hondo will be a quiet place on Monday, July 4th. Most of the business places will be closed, nothing by way of diversion or amusement has been provided to our knowledge, and little will be left to do for those not laboring as usual but to hie away to other points.
G. W. Wiemers and L. J. Schmidt were in town Friday with corn in the ear from their farms.

New Fountain — The people of Verdina are working for a telephone line from Hondo via thousand acre to Verdina. There ought to be a line from Hondo to Sturm Hill via New Fountain and Quibi.
Thursday was the Fourth of July. Of course, our readers are too much concerned over how they celebrated the Nation's birthday to remember any deficiency in this week's issue.
Devine News — The Hondo Herald has at last learned that Devine and Hondo are not connected with a public road — except indirectly via of Yancey or Dunlay, six or eight miles off the direct route.
Hondo — We knew that Hondo and Devine were not connected by a direct air-line road but we opine that there are others who, like the Anvil Herald, will be surprised that the otherwise sensible and practical business people of Devine have spent a decade in dreaming over such a visionary scheme as an air-line road from Hondo to Devine instead of rendering first-class some practicable route between these two places.

Our NEW Check-R-Mixer can help you . . .
Save grain time money
When we put our original Check-R-Mixer into operation a year ago, its biggest "claim to fame" was the miraculous way it told us how much Purina Concentrate to add to whatever amount of grain you brought in. But, our NEW Check-R-Mixer does much more!
It makes it possible for us to follow the very latest grain and time-saving formulas which are too complicated to figure in other ways, helping you get all the meat, milk and eggs your grain can deliver.
OUR NEW PURINA CHECK-R-MIXER IS HERE! COME IN AND LET US SHOW YOU HOW IT WORKS!

Victory Lodge Initiates New Members

Mrs. Garland Martin and Miss Mary Agnes Hubbard were initiated as adult members of Victory Lodge No. 161 of the Sons of Hermann at a regular meeting on Tuesday of last week. Misses Maida Corder and Janet Eaddy were reported as new junior members.

Deaths

Bernhard DeGrodt
Funeral services were held Saturday in Hondo Cemetery for Bernhard DeGrodt, 84, farmer and rancher who was a lifelong resident of Medina County, the Reverend K. Windecker officiating.

After an injury to his leg in a fall in December, his health began to fail. He died Friday morning, June 21, 1957.

Born to Harm and Katerina Balzen DeGrodt on March 29, 1873, he was baptized in his infancy in Behlehen Lutheran Church at Quihi. On March 4, 1899, he was married to Miss Angelina Neuman. They had six children, one of whom preceded him in death.

He is survived by his wife, four daughters, Mrs. Ida E. Saathoff and Mrs. Alice Karm of Hondo; Mrs. Della Boehle and Mrs. Alma Barth of San Antonio; and a son, Wesley DeGrodt of Hondo. Also, two sisters, Mrs. Ida Forst of San Antonio and Mrs. Lena Buss of Hondo and a brother, Fritz DeGrodt of Hondo. Nine grandchildren and twelve great grandchildren also survive.

Palbearers were George Reitzer, William Bless, Wilford Boehle, Arthur Haby, Leonard Otto and Victor Saathoff.

Here in Hondo

Guests of M&M Jack Winkler, Jackie and Larry, for two days last week were M&M Guffery Watts of Livingston, La.

A guest of M&M Sam Lanham last week was Mrs. J. M. Nash of Waco. She is Mrs. Lanham's mother.
